

Ride On - Christy Moore

(Am) True you ride the finest horse, (F) I've ever seen
(G) Standing sixteen one or two with (Am) eyes wild and green
(Am) You ride the horse so well (F) hands light to the touch
(G) I could never go with you no matter how I (Am) wanted to

Chorus:

(Am) Ride on, (F) see you
(G) I could never go with you no matter how I (Am) wanted to
(Am) Ride on, (F) see you
(G) I could never go with you no matter how I (Am) wanted to

(Am) When you ride into the night with (F) out a trace behind
(G) Run your claw along my gut, (Am) one last time
(Am) I turn to face the empty space, (F) where you used to lie
And (G) look for the spark that lights the night, through the
(Am) teardrop in my eye

Chorus:

RPT verse 1 sing or solo, then Chorus x 2 end on 'Wanted to'
